Dear VA Director Jonathan Gardner,

Please send me a copy of the rule that says I cannot get my Warfarin medicine from the Tucson VA because I don't have a telephone.

I have "secure messenger" through the VA website <https://www.myhealth.va.gov>, I have email, and I have postal mail. All leave a paper trail. The telephone does not leave a paper trail.

Sincerely,

Anthony Miner OConnell 7637

Why the insistence on using the telephone which does not leave a paper trail and which I do not have? Why not use any one of the following which does leave a paper trail and which I do have - (1) postal mail, (2) email, and (3) "secure messenger" in the VA website <https://www.myhealth.va.gov>?

Is there a rule that says the VA cannot fill a Warfarin prescription if the Veteran does not have a telephone? Please give a "yes" or a "no". If "yes" please send me a copy.

Thank you,

Anthony O'Connell 7637

Dear Director Gardner:

Please explain the VA letter of 3/31/15, where, again, my medicine is withheld and I am made to appear responsible. The justification in the letter is that I don't have a telephone, as if the telephone were the only means of communicating.

Is it your position that the telephone is the only acceptable means of communication? Do you not accept postal mail, email, and the VA's secure messaging, as acceptable means of communication? If so, why?"

Thank you.

Sincerely, Anthony OConnell 7637

Why stop my medicine because I don't have a telephone? Do I have Lupus?

Anthony OConnell <anthonymineroconnell@gmail.com>

Dear VA Director Gardner:

Please explain the VA letter of 3/31/15, where, again, my medicine is withheld and I am made to appear responsible. The justification in the letter is that I don't have a telephone, as if the telephone were the only means of communicating.

Question 1: Is it your position that the telephone is the only acceptable means of communication? Do you not accept postal mail, email, and the VA's secure messaging, as acceptable means of communication? If so, why?"

On 5/12/15 Doctor Nichols Cannely recognized that I have lupus (As certain as the 3/31/15 blood test shows). The silence since then makes me fear you may not recognize it.

Question 2: Do I have lupus? Can I get an official "yes" or "no" so that all concerned can rely upon?

Question 3: What happens next?

Question 4: What kind of lupus do I have? What are the symptoms? What is the prognosis? What is the treatment?

Thank you.

Sincerely, Anthony OConnell 7637

Thank you.

Question 4: Why do you refuse to remove my Power of Attorney and Living Will from the VA records and make it appear as my fault. What is your intent?

Question 5: Was Dr. Kathleen Gibson ever my PCP (Primary Care Provider)? Because I could never get a "yes" or a "no" from Dr. Gibson I removed my telephone to try to channel her communications to a method that would leave a paper trail. <http://www.tucsonva.com> <http://www.tucsonva.com/telephone-home.html>
